

ZNA Potomac is an association of koi and pond keepers affiliated with Zen Nippon Arinkai and AKCA, serving Virginia, Maryland, Delaware, and the District of Columbia. The members come from all areas and bring together a wealth of knowledge and experience. The members range from seasoned pond keepers to new hobbyists. Ponds range from preformed hard plastic with a few hundred gallons to expansive custom designed ponds with thousands of gallons. All hobbyists are welcome and everyone learns. Please check out our website and we look forward to meeting you at our next event!
